

Pimp my Joomla template !

Hey your website sucks !

"Yours also :)" ... you might say, but i don't care ... i'm here to help you pimp your Joomla template.

Joomla templates from rockettheme , JoomlaArt and templatemonster are very popular and cheap for you. I know you don't like them because having a template from JoomlaArt for example is like sharing a woman with 1,000 ppl :) but i can help customise them for a cheap price.

You will end up very easy with a nice good looking website ready for your business.

Where i can find top notch Joomla templates !

Simple, follow the links below and sign up there for an account :)

JoomlaArt !

Here are 2 membership clubs you can join , for developers and for individuals. Pick one ... i don't care !

RocketTheme !

Three plans (50\$, 75\$, 250\$) , revise them and choose the plan you need.
