- Adam F. (United States - Tacoma) : Stoian, is a smart, driven individual that follows directions well and just flat out delivers. I expect nothing then less then superior quality and I can expect that from him. I have been quite impressed with the work ethic and overall quality of these guys. I will continue to use them with most of my projects.

- Paula W. (United States - Tuxedo Park) : Hmm, Stoian is wonderful! Very patient, despite the fact that I wanted many changes. The project took SLIGHTLY longer than I wanted it to and part of that was my fault, but I would recommend this guy ANY DAY!!! I'll definitely keep in touch with more projects as I go along. If you're wondering whether he should do something for you, wonder no more!! He'll do exactly what you want, exactly how you want it. Merci beaucoup, Stoian!!!!.

I would recommend this designer to anyone as he has not only delivered what was promised but has been flexible enough to deliver far more than expected in the time scale.

- Kaleb Pierce (United States) : stoian.adrian was a pleasure to work with. The best thing about working with him is that you get to see the work being compelted as though your in the same room. Very easy to work with doesn't complain about trying this or trying that. Makes you feel very important. I shouldn't give him such good feedback because then everyone will want him to do their work and he will have no time for my future projects! 10+++++ Thanks Stoian!

- Again Kaleb Pierce :) (United States) : You can't go wrong with this guy, he gets the job done quick - in my case I got to see results very quickly which was very nice. He stayed up at crazy hours of the night to be able to work with me on my time. It was as though I was right behind him telling him to try this or try that. I hope he's busy in the future, but not too busy to fit me in! Will use again and again.
